

LUXA LED GLASS LAMPS 2025

Stock due beginning of September

THE CONE AND GLOBE LAMPS

The new Cone and Globe Lamps offer the same choice of internal LED strings as the multi-coloured Twinklers and bright white Frosty Twinklers that Luxa have been supplying for the last few years. The lamps are finished in the gentle satin sheen of a festive shade of Christmas crimson. These sparkling lamps are lovely enough in the daylight, but in the dark they project and intricate array of colours and patterns onto nearby surfaces in a wild and ever-changing display.

THE CONE LAMPS

The Cone Lamps are laser-etched with a glittering winter forest scene of fir trees, stars and snowflakes.

Specifications

- 25cm x 10cm
- Satin-effect Christmas Crimson
- High quality moulded glass
- Bright White or coloured LEDs
- Snowy Forest design
- Image projection
- 6-hour daily-repeating timer
- 3 x AAA batteries required

THE FROSTY RANGE

An elegant satin-effect finish in Christmas Crimson gives the lamps a bright festive look to the Frosty range of glass LED lamps. The laser-etched designs are burned back to the glass to reveal a pair of glistening frost-effect winter scenes shining through. Both designs are in the Large 20cm size.

THE 'SANTA' FROSTY LAMP

The 'Santa' design is busy with a winter scene of forest animals with Santa flying overhead.

Specifications

- Large size – 20 x 8cm
- Glistening frost-effect
- Satin-effect Christmas Crimson
- 12 Bright White LEDs
- High quality moulded glass
- 6-hour daily-repeating timer
- 3 x AA batteries required
- **Product code – SNSTR 001 L**

THE 'SNOWMAN' FROSTY LAMP

A busy with winter scenes of snowmen-building in the woods.

Specifications

- Large size – 20 x 8cm
- Glistening frost-effect
- Satin-effect Christmas Crimson
- 12 Bright White LEDs
- High quality moulded glass
- 6-hour daily-repeating timer
- 3 x AA batteries required
- **Product code – FRSMR L**

NEW DESIGN

THE TWINKLER RANGE

A dozen LED beads flash 6 different colours independently and scroll through 3 randomly-varying flashing speeds, the light from which is multiplied many times over by the endless internal reflections that fill the lamps with a kaleidoscope of shimmering colour. Lovely enough in the light, in the dark they project a wild and colourful ever-changing display onto nearby surfaces.

'CHRISTMAS' TWINKLER

A selection of iconic Christmas adorn this lamp and project themselves onto nearby surfaces in the dark

Specifications

- 15 x 8cm
- Metallic silver finish
- 6 colours each LED bead
- 3 flashing speeds
- 12 Multi-coloured LEDs
- Laser-etched design
- High quality moulded glass
- 6-hour daily-repeating timer
- 3 x AA batteries required
- **Product code – TWCHSL**

NEW DESIGN

'AUTUMN LEAVES' TWINKLER

A panoply of laser-etched fallen leaves decorate this intricately designed lamp

Specifications

- 15 x 8cm
- Metallic Silver finish
- 6 colours each LED bead
- 3 flashing speeds
- 12 Multi-coloured LEDs
- Laser-etched design
- High quality moulded glass
- 6-hour daily-repeating timer
- 3 x AA batteries required
- **Product code – TWALS L**

THE SPARKLER RANGE

The Sparkler ranges are available with a choice of three different special-effect linings to the glass – Frost, Star and Snow. These diffuser film have been printed with a 'Winter Wonderland' forest scene of wild animals going about their business. All are in the Large 20cm x 8cm size.

NEW DESIGN

- Printed special-effects film
- High quality moulded glass
- 6-hour daily-repeating timer
- 3 x AA batteries required

FROST SPARKLERS

The bright, glistening frost-effect film that lines the inside of the glass lends itself perfectly to a wintry landscape theme, as is the case with the new 'Winter Wonderland' artwork. Hundreds of thousands of tiny prisms on the film focus the light into a myriad glistening points of light that shimmer and sparkle as the glass is moved.

Specifications

- Glistening frost-effect
- Iridescent tinted glass
- 12 Bright White or coloured LEDs

Product codes :

White SPFWW L - Coloured SPFWC L

STAR SPARKLERS

With a lining of star-effect holographic film, the white LEDs shine as a cluster of 3-dimensional stars floating within the bright, moonlit scene of a Winter Wonderland, whilst the multi-coloured LED version show the stars in a bright, colourful riot of pastel shades suspended in space.

Specifications

- Holographic Star effect
- Iridescent tinted glass
- 12 Bright White or coloured LEDs

Product codes :

White SPSWW L - Coloured SPSWC L

SNOW SPARKLER

With the snow special-effects holographic film, the light from the bright white LEDs is split into a glittering array of points of light, like flurries of snow enveloping the busy winter forest scene.

Specifications

- Holographic Snowstorm effect
- Iridescent tinted glass
- 12 Bright White LEDs

Product code :

White - SPBWW L

FLAMELIGHTS

THE FIRELAMP

The Firelamp (FL 001) is the central flame-making console that goes inside all of our flamelights. It is available separately for use as a merchandising tool or in seasonal or in-store displays. The Red LED version (FL 001 R) has a string of red LEDs around the base to give a red-hot glow to its surroundings, whilst the Battery Firelamp (FL 111) sits on an integral lithium battery that gives 8 to 10 hours run-time.

Specifications

- 12cm x 12cm
- 12v 10w red/amber bulb
- 2m mains lead or battery

FL001 - £13.00

FL001 R - £17.00

FL 111 - £15.00
